

# Wettex

High absorbing sponge cloth for restaurants, bars and professional kitchens

## Absorbs up to 15 times its weight

is the original sponge cloth, designed for efficient spill collection and quick cleaning of wet surfaces in kitchens, bars and restaurants.

## Ergonomics

Low friction, high absorption, softness and volume make Wettex easy to handle with the hands.

## Environment & hygiene

Compostable and fully biodegradable, water-based colors and chlorine-free production process. Color coded to prevent cross contamination. Washable up to 95°C.

## Hygiene and safety

With the color coding system, a cleaning protocol can be applied in accordance with hygiene regulations and HACCP principles.

## Material

Wettex sponge cloth is made of natural materials, 1/3 cotton and 2/3 cellulose. Extra long cotton fibers make Wettex durable yet flexible and soft. Optimum fiber density and pore size provide excellent absorbency, up to 15 times its own weight.

## Usage

With its convenient dispenser, the highly absorbing Quick'n Dry is especially suited for spill pick-up and wet wiping in professional kitchens.

## Your benefits at one glance:

- Efficiency. Wettex® saves time due to fast wetting, easy rinsing and wringing and last but not least – extra high absorption capacity. Choose Wettex® for quick
- Ergonomics. Low friction, high absorption, softness and substantial volume makes Wettex® easy on hands and arms.
- Environment & hygiene. Compostable and fully biodegradable. Water-based colours and chlorine-free production process. Colour-coded to prevent cross-contamination. Washable up to 95° C.

Code	Description	Colour	Size cm/in	Pack	Pack/case
111668	Wettex	Blue	26 x 20/10 x 8 in	10	20
111669	Wettex	Red	26 x 20/10 x 8 in	10	20
111670	Wettex	Green	26 x 20/10 x 8 in	10	20
111667	Wettex	Yellow	26 x 20/10 x 8 in	10	20
